North Dakota One Call instituted the new Ticket Talk feature on February 4th, 2026 at 8am. The date filter in the report is based on when the ticket was created, not when the messages were sent. For example, if Ticket 3 was created on March 30 but the conversations happened in April, those April conversations will still show up in the March report because the ticket itself was created in March. The same goes if the conversation continues into May.

In short, the report pulls in all conversation activity tied to tickets created within the date range you enter.
